

*Alice's
 Corner*

Our changes have begun. This is our first newsletter strictly by email. Remember to print off any coupons that might be offered and bring to the Store. The coupons offered in September were for pond dollars. Save them, they will help you when you shop during the holidays. Not to be repetitious, but I feel I must remind you of our new schedules. Beginning the month of November, we will be closed Sunday, Monday and Tuesday...open Wednesday through Friday from 9:00 until 6:00, and Saturday 10:00-4:00. This means we will only be open the week of Thanksgiving one day...Wednesday 21st. The Company is closing all of Thanksgiving weekend. We will reopen Wednesday, November 28th for the beginning of our Pond Dollar Redemption Program as well as Christmas. We will remain open until 8:00 p.m. on each Thursday and Friday evening between November 28th and December 21st for our lighted yard displays. These have

been popular for now our third year with over 70,000 lights outside. Not only will we have gorgeous lights outside, but lovely displays and unique Christmas items for sale inside, as well as light refreshments. We invite all of you to come...redeem your pond dollars, enjoy a cookie or two and visit while you shop. We will be closed for Christmas on the regularly scheduled days 23rd, 24th and 25th (Sunday, Monday and Tuesday) and reopen December 26th at 9:00. Same for New Year's, closed the weekend and reopen the 2nd. When we all get through this confusing schedule, we will try to be consistent...Wednesday through Saturday. Our first class for 2013 is scheduled for March 16th at 10:00 a.m. entitled "Spring Startup". Now that I have repeated myself, let me tell you something new. We have fountains (for inside or outside) that resemble old dead logs covered with moss and water running through them. Quite unusual and ruggedly comforting. Ready for colder weather we now are carrying a new line of electric fireplaces that can be used in your home or on your covered, protected patio. The fireplaces can be used strictly for the ambiance and quiet solitude of enjoying a fire without a mess or can be used as room heaters. There are several styles to choose from...either be free standing, hang on a wall, or can be ordered to fit your space in an existing fireplace opening...just in time for Christmas and winter. The epitome of relaxation...a comfortable chair in front of a warm fire and listening to water peacefully splashing near you...great for napping, or looking at a "how to" water gardening book planning for next Spring. Are you feeling it? Come and see it. Also a reminder of your pond dollars...for every \$10 spent at the Store, you have \$1. For each class you attended you have \$10. Coupons are as valued. Bring all in and it will account for up to 50% off any item in stock. Happy Halloween and Fall! *Alice*

Tips and Tricks

It's getting colder outside and the life in your pond is beginning to slow down. Plants will soon begin to show distress at the cold temps and your fish's metabolism will continue to slow down. Now is the time to switch to cold weather food. Don't forget to add bacteria to your pond this winter. The good bacteria will continue to do their work even as the water approaches freezing. Your plants will soon die off and it will be time to trim dead foliage. When all their leaves have died, hardy lilies should be trimmed off and moved to the lowest point in the pond to winter over. Time for nets too. The leaves are starting to fall around here.

!!!!!!Special Inventory Closing!!!!!!

We will be closed all day Friday, October 26th and Saturday morning October 27th for inventory. We will open at 1:00pm Saturday when everything in stock will be 40% off regular price (excludes EPDM liner and Laguna products). Only one discount per item please.

Free Classes - SUMMER/FALL SCHEDULE 2012

Check the schedule for start times. All classes are free and open to the public. No advance registration required. More classes added each month. Ten Pond Dollars awarded for each class. We train rain or shine in the only indoor pond training facility in the U.S.

OCT 6th 1:00pm **Pond Build**
Learn how to build your own water garden from our crew of experts. We will start with a hole in the ground and go through everything step-by-step. In two hours you will have seen all the steps.

OCT 20th 10:00am **Winterizing your Pond**
We get many questions about winterizing; we'll try to answer all of them during this class. We'll discuss what to do about your fish, plants, filters, UV lights and pumps. For those of you with other types of water features, we'll address those on a case-by-case basis. This will be your last chance to earn Pond Dollars for class attendance this year.
