

Mike's Minutes

I know, I know, it's late. I have a good excuse though. See the picture's down below? That's where I was last week so I couldn't be here typing the newsletter. It was tough duty but somebody had to do it and I picked me. I took my wife and a few friends and we made a trip out of it. It wasn't all play, I looked at the fountains, two waterfalls and the big pond so it was kind of work and I was in

water the whole week. Now it's back to the real world and let me tell you, it doesn't compare! Ice, snow, wintery mix, yikes! I want to go back to 85 and sunshine.

Our ponds are settling in for a long nap and everything is progressing nicely.

Not much to do to them this time of the year except do our best to keep leaves

out, make sure the water level stays up to keep pumps from over heating, clean skimmers and just enjoy the special look a winter pond can have. The fish are all staying down as deep as possible, even though the Sun is shining. We stopped feeding a few weeks ago when the water temps hit 55. If you are still feeding small amounts, make sure it is a good cold weather food like wheat germ or spirulina.

We got the airlift pond finished so when the cabin fever gets to be too much, come out and take a peek. The filtration is run off an air pump and

Excellence Punta Cana, Dominican Republic

A few friends and me at dinner on the plaza

the waterfall is run off an energy efficient Oase pump. With both an under gravel grid and a large bog, this pond will always stay clear and clean.

It's the time of year when you should call to be sure we're here before driving over. If the weather is bad, we might not be able to make it in or with the holidays, we might be closed. 405-273-8363 is our number.

Speaking of which, all of us at Pond Pro Shop, Pondliner and Unit Liner wish all of you and your families a very Merry Christmas and a Happy New Year.

Always be humble and kind~~~Mike

Water Garden Club Meetings

Tulsa 2nd Tuesday @ 6:30pm Tulsa Garden Ctr
www.gcwgs.com for more info

OKC 1st Tuesday @ 7:00pm (New Location)
Grace UMC, 6316 N. Tulsa, OKC

If you have a water garden club let us know so we
can advertise it here for you.

Classes - SPRING/SUMMER 2019 SCHEDULE Check the
schedule for start times. All classes are free and open to the public. No advance
registration required. More classes added each month. Ten Pond Dollars awarded
for each class. We train rain or shine in the only indoor pond training facility in the
U.S.

**March 2
2019
10:00am**

Spring Startup

For those of you with a pond, are you aware of
what needs to happen in the Spring to get it
ready for the season? If not, come to class.

Many of you may have moved into a home
with a pond in the yard and feel a little lost.
This is a common occurrence and one we've
dealt with on a number of occasions. Take pic-
tures of the equipment and the pond, make
note of any chemicals you've inherited and
come talk to us. We'll be able to answer ques-
tions and help you figure out treatment proto-
cols based on your pond situation.

Remember, you earn ten Pond Dollars for
class attendance. Limit 20 per family.

**Military (Active or Retired) and Water
Garden Club members**

**receive a
10% discount**

**(If you remember to tell us up front!
Not after you've already paid.)**

Valid for Pond Pro Shop purchases only

We still have two of these beautiful 5-piece dining
sets for your patio or outdoor living area. Made of
HDPE to look like wicker, they'll last forever. Spe-
cial pricing on the remaining sets.

We only have this one curved sectional for your outdoor living
room or patio. The aircraft aluminum frame will stand up to
years of use and the HDPE wicker look covering is weather-
proof, bug re-
sistant, mold
resistant and
looks real. The
Sunbrella cov-
ered cushions
will last forever.
Want to save a
thousand dollars
on your wife's
Christmas pre-
sent?? Come
